

STCW' 95 III/1 Engineer Officer of the Watch (Specialised Route)

Warsash Maritime Academy offers a programme leading to STCW '95 III/1 Engineer Officer of the Watch (EOOW) Certification for candidates with *specialised academic qualifications and/or experience* recognised by the UK Maritime & Coastguard Agency (MCA). In addition to any other training requirements specified by the MCA in their '*Letter of Initial Assessment*', candidates will undertake International Association of Maritime Institutions (IAMI) Engineering Knowledge (EK) Written Examination and/or the MCA Oral Examination.

Details of the training programme are given below. For further details, please contact:

Engineer Officer of the Watch (EOOW) - Specialised Route to Certification

Course Description

Candidates will undertake the requisite Workshop Skills training (*unless exempted by the MCA*), which is taught and assessed to the satisfaction of the MCA in accordance with MNTB standards. Candidates must also pass the initial four STCW safety courses before completing a *minimum 6 months sea service (including 4 months engine room watch keeping duties)*. The candidate must hold a valid personal medical fitness certificate recognised by the MCA.

Overseas students will also be expected to hold an English language qualification to IELTS 5.0 or equivalent.

During the sea service period, candidates will complete an MNTB Training Record Book to the required standard and complete Guided Study course material before returning to the Academy. During the final Academy phase, candidates will complete all additional STCW certification courses and attend tutorials prior to undertaking IAMI EK Written Examination (on *General Engineering Knowledge* and *Steam/Motor Engineering Knowledge*) and the MCA Oral examination.

Course Content (subject to individual requirements)

Workshop Skills Training (completion of MNTB Workshop Skills Record Book) - **IF REQUIRED**
Guided Study course for a General and Motor/Steam Engineering Knowledge examination.
MNTB Training Record Book completed during sea phase.
Statutory STCW certification courses.
Academy tutorials for IAMI EK Written Examination and MCA Oral Examination.

Start Dates (full programme, including workshop skills training)

6 September 2010 5 January 2011 5 September 2011 9 January 2012

Duration of Course (excluding MCA Oral examination):

- 1 week at the academy to complete initial four STCW safety courses and MNTB Training Record Book briefing.
- Minimum of 6 months sea service, including completion of MNTB Training Record Book.
- Approximately 6 weeks at the academy to complete statutory STCW certification courses, tutorials, IAMI EK Written Examination and MCA Oral preparation, as required.

Please note that an additional 15 weeks approximately at the academy will be needed if the candidate is required to complete the full range of MNTB Workshop Skills Training to a satisfactory standard.
