

COURSE DATES AND FEES 2009/2010

Due to the way our courses are funded by the government, some course fees for UK/EU students may differ from those of non-funded overseas students.

*Prices from beginning of August 1st 2010 will be changed due to an annual increase

For further information on any course, please view the 'Courses' pages on our website (www.warsashacademy.co.uk) or contact the relevant course administrator as indicated on each page of this booklet.

*The Mandatory requirements for familiarisation and basic safety training and instruction, and the standards of competence to be achieved, are set out in Regulation VI/1 of the Annex to the STCW Convention, as amended in 1995, and corresponding sections of the STCW code. The Maritime and Coastguard Agency (MCA) has agreed with the Merchant Navy Training Board (MNTB) the specifications to satisfy those requirements for approved training undertaken in the United Kingdom. This training is made up of the following 4 courses: **Personal Safety and Social Responsibilities, Fire Prevention and Fire Fighting, Personal Survival Techniques and Elementary First Aid.** These courses are booked separately but may be completed in 5 consecutive days, subject to availability of each course.

For further information on any of the above courses please contact Julie Neilon on +44 (0)1489 556217 or e-mail julie.neilon@solent.ac.uk

ENGINE ROOM SIMULATION/ENGINE ROOM PROCEDURES

The following courses are run on demand regularly throughout the year. The fee indicated is for both UK and Overseas students:

STEAM PROPULSION PLANT OPERATIONS COURSE (Code SPPO)

This course is simulator based and it includes an LNG Boil-Off system. It teaches many of the facets of the resource management and is very much "Team Training".

The cost for the course is £5433 + VAT (this is a block fee based on 4 persons).

ENGINE ROOM RESOURCE MANAGEMENT (Code ERRM)

This is a 4 ½ day intensive simulator based training package for ships engineering teams (Maximum 4). The main tenets of resource management relate to non-technical skills associated with the social interaction between team members, situation awareness and decision-making.

The cost of the course is £7159 (this is a block fee based on a team of 4)

Note: In May 2005, the IMO Maritime Safety Committee approved STC.6/Circ.7 on Amendments to Part B of the STCW Code, to provide guidance on engine-room resource management. The learning objectives of the Engine Room Resource Management course delivered at Warsash Maritime Academy cover all of the requirements of the STCW amendments. The course syllabus/material is relevant, current and appropriate and reflects industry best practice.
